

FLYING H GENETICS

# FOCUSED ON THE FEMALES

Donor cow 2S and calf

**Flying H Genetics' females combine breed leading genetics for maternal and carcass traits with eye-appeal and sound structure—they are bred for longevity and productivity!**

Donor cow 4S

Top selling cow in our 2014 production sale, 171Y, sold to Spencer Shifflet and is now in his donor pen

27P, a 10-yr.-old purebred matron here at FHG

**Contact any FHG Team member about Bulls, Females, or Semen for your program.**

**FLYING H GENETICS**
