For General Questions Please Contact Our Office:
(402) 316-5460 or support@dvauction.com

Auction will be on the Timed Events page

- November 9 at 7 am through November 11 at 7 pm
- All lots close at the same time. If a bid is placed within 5 minutes of closing time, the closing time extends 5 minutes until no bids are placed for 5 minutes.
- This soft close auction allows a buyer time to bid on additional lots

REMEMBER - our Customer Satisfaction Guarantee assures you that the bulls you buy will meet or exceed all 17 Quality Standards used as the basis of our Quality Guaranteed Genetics pledge.

If you have any questions or need more information, please contact the FHG Staff.

A Huge Thank You !!!

To Our Current Cooperators

As valued Cooperators and Friends we couldn't do it without you. Your dedication to breed leading genetics, hard work and commitment show in the quality of cattle you produce that we are proud to stamp the Flying H name on.

FURTHER INFORMATION:

INSPECTION OF SALE CATTLE: The cattle are at the ranch and are ready for viewing any time prior to sale day. Please call ahead so someone is available to help you.

TERMS AND CONDITIONS: All cattle sell according to the terms and conditions recommended by the American Gelbvieh Association. Terms of the sale are cash. Every animal will be sold to the highest bidder. Announcements sale day take precedence over printed material in this catalog. All cattle are the property of the buyers as soon as sold. Buyer may pickup their purchases anytime after the sale or Flying H Genetics will deliver according to their delivery policy as stated in the sale book.

Any person attending the sale does so at their own risk. Neither the owners or Flying H Genetics assumes any liability, legal or otherwise. All animals listed in the catalog as being Homozygous Polled or Homozygous Black are done so to the best of our knowledge. We are not liable for any inaccuracies. Registration papers will be transferred to the new buyer at the sellers expense.

HEALTH AND BREEDING SOUNDNESS: All animals have been on a complete health program and health papers are available for all 48 states. All bulls will have passed a Breeding Soundness Exam and Semen Test prior to the sale. All sale animals have also been tested negative for PI BVD.

For information on **Volume Discounts, Limited Free Delivery, Death & Injury Warranty and Heifer Bull Key** see inside back cover of sale book

*Since 1982
Flying H Genetics has
guaranteed calving ease
on every bull sold.
Bulls for use on heifers
are identified with a
star system.*

FLYING H GENETICS DISPOSITION SCORING

Because disposition is a very important management and safety issue, Flying H Genetics has researched and developed a system to score all of their cattle, including any cattle sold for breeding purposes, for disposition to eliminate the unacceptable ones. We have been culling on disposition for years but scoring them quantifies and identifies them more accurately making culling more accurate and effective.

Cattle are a herd instinct animal. Separate them from the herd and their natural response is to flee back to the group or fight for their life. Domesticating them has gentled them but their natural instincts of flight and fight are still there at varying degrees. Generally, the sooner and more often cattle are in contact with and handled by humans in a calm, nonthreatening way, the more trusting and less flighty or threatened they will feel.

Knowing this, our system separates an individual animal from the group into a small pen with one or two people to add a common stressor. Since all cattle have a different disposition (just like people) this will create different degrees of nervousness, flight and fight that can be scored. Scoring the different levels of nervousness, flight and fight allows us to identify different levels of disposition. The scores range from 1 to 5 with 5 being the most calm. This is a subjective score but certain actions help group the cattle into the five different levels. Following is a general description of the type of actions observed while scoring that help rank each individual's disposition.

One Star—animal is very nervous and agitated and is looking for an escape route. Will not stop and stand, tests the fence and will show fight and turn on you if pressed. When the out gate is opened he leaves on the run. He's always at the

back of a group, head up and keeps his distance. He will make others nervous and flighty and is hard to sort from the group. Anything new will create great distress and he will get more agitated the longer he's held separately. Due to safety issues these are culled immediately.

Two Star—animal is nervous and very uncomfortable. He will keep moving, walking the fence and trot or run if approached. Not as likely to show fight but will exit fast. Very observant and keeps his distance even in a group. He will be a little hard to sort from the group. He's always nervous and flighty in a strange situation. He presents a safety concern and causes handling problems with the whole herd so is culled asap.

Three Star—animal is uncomfortable wanting to keep distance. He will stop but is very attentive and moves without much pressure. He'll exit at a fast walk or slight trot. Handles fine in a group but gets nervous when separated, wanting to rejoin the herd. Can get excited if pressured or forced out of comfort zone so low stress, low pressure handling helps.

Four Star—animal moves when pressure is applied but will stop easily. Will stand and allow you to approach but not get too close. Exits at a walk. Fast movements, loud noises and strange situations will make him nervous. Low stress handling works great.

Five Star—animal is very calm and gentle, easy to sort and move. Will stand, allow you to approach and maybe touch him and may even approach you. Needs to be urged to leave the pen. Can get excited but calms down quickly. Responds well to proper handling.

VOLUME DISCOUNT ON BULLS

- 5% of total purchase price on 5-9 bulls
- 10% of total purchase price on 10+ bulls

- **FREE DELIVERY within 500 MILES**
- Delivery over 500 miles will be a case by case basis

Contact FHG staff with questions, see page 1.

IDENTIFYING HEIFER BULLS

Because of the interest in, need for, and importance of correctly identifying bulls to be used on first calf heifers, Flying H Genetics has developed a “**5 STAR SYSTEM**”. This system ranks bulls we believe (and guarantee) will work on heifers and not cause above normal calving difficulty due to size and shape of the calf.

“**One Star**” bull should work on larger, well-developed heifers with above average pelvic measurements.

“**Three Star**” bulls increase the comfort level and degree of calving ease and can be used in most heifer development situations.

“**Five Star**” heifer bulls give exceptional calving ease with little assistance expected, except in abnormal presentations, etc.

All bulls offered by Flying H Genetics that qualify to be guaranteed as heifer bulls will be identified by the **5 Star System**.

Even this system cannot guarantee every heifer bred to these bulls will calve unassisted. There are at least 16 different criterion that affect calving ease with birth weight being the largest factor. Other factors like sex of calf, shape of calf and size of bone, condition score of heifer, age of heifer, feed protein level, weather prior to and during calving, the heifers genetics for calving ease and birth weight, gestation length, heterosis, pelvic opening size and presentation of calf all affect calving ease.

The **5 Star System** is not perfect but it will eliminate most problems caused by the genetics of the bulls breeding the heifers. And—if we find one that doesn't work and he is guaranteed for calving ease on heifers with our **5 Star System**—we will replace him with another bull of your choice with full credit from the original bull. It's not perfect, but it is one of the best systems and guarantees you'll find anywhere.

Questions, call the FHG Staff.

ADDITIONAL DEATH & INJURY WARRANTY

Flying H Genetics has offers to share death and injury losses suffered during the “**FIRST BREEDING SEASON**” with its customers.

Warranty is as follows:

COVERAGE/LIMITATIONS

- Coverage is limited to “**FIRST BREEDING SEASON OR MAXIMUM OF 6 MONTHS FROM DATE OF PURCHASE**” unless other arrangements are made before purchase
- **Coverage includes all death and injury unless negligence, willful misconduct or mistreatment of livestock is deemed the cause**
- Replacement Value is no greater than the purchase price of the bull minus any salvage value or compensation received by customer

CLAIMS

- All claims must be reported within 24 hours of discovery and include a complete diagnosis by a licensed veterinarian

INJURES

- If not life threatening or permanent, FHG will work with customers to supply a bull to breed cows, at no cost, until the customer's bull can return to service

LOSS DUE TO INJURY

- If injury prevents the bull from returning to service, FHG will supply a replacement bull (at no cost) to complete the first breeding season
- The customer can choose to keep the replacement bull or receive credit to purchase a bull of their choice at any FHG sale

- Any credit to the customer will reflect the compensation the customer has received from an salvage value of the bulls possession, original or replacement bull

LOSS DUE TO DEATH

- When bull dies, between the date of purchase and “**FIRST BREEDING SEASON OR WITHIN 6 MONTHS OF PURCHASE**” at no fault of customer, FHG will supply a replacement bull, at no cost
- Customer may keep replacement bull, return to FHG or salvage bull at end of breeding season
- Customer will receive credit at FHG sale, minus any salvage value or insurance compensation (of original bull), if replacement bull doesn't meet customers satisfaction

COST

- **10% OF PURCHASE PRICE, due at time of purchase (good for first breeding season or 6 months from date of purchase)**
- If customer chooses not to take extended warranty, customer assumes all liability of bull once purchased
- Extended warranty doesn't affect our guarantees on disposition, calving ease and customer satisfaction
- **EXTENDED WARRANTY NOT AVAILABLE ON REPLACEMENT BULLS**
